PURPOSE

To ensure that all excursions and incursions undertaken by the Outside School Hours Care Service are planned and conducted in a safe manner, maintaining children's health, safety and wellbeing at all times in accordance with National Legislation. We believe excursions/incursions provide the children with the opportunity to expand and enhance their skills and knowledge gaining insight into their local and the wider community.

SCOPE

This policy applies to children, families, staff, management, and visitors of the Service.

IMPLEMENTATION

Excursions will be conducted with the children's safety and wellbeing in mind at all times. We will regularly schedule incursions and visitors to our OSHC Service however, if we feel an excursion will benefit the children and offer a valuable experience, we will adhere to the National Regulations and Service policies and procedures to plan and manage an experience that is enjoyable for children.

CONSIDERATIONS FOR EXCURSIONS

The purpose of the excursion should be clearly identified by staff providing information on how the excursion or incursion supports the educational program and contributes to the outcomes for children.

Excursions/incursions should be planned in advance and consideration given to the:

- time away from the OSHC service
- availability of toilet and washing facilities
- access to safe drinking water
- adequate health and hygiene practices
- possible risk to children (identified in risk assessment)
- accessibility for all children
- transportation
- cost
- weather- wet weather arrangements
- teaching children safety procedures and responsibilities whilst on an excursion
- communication with parents and families

- Risk Assessment documentation provided by the excursion venue

EDUCATION RISK ASSESSMENT:

The Approved Provider or Nominated Supervisor must conduct a risk assessment which reflects regulation 101 before an authorisation is scheduled under regulation 102 to determine the safety and appropriateness of the excursion/incursion.

The OSHC Service/Nominated Supervisor will ensure:

- an *Excursion/Incursion Risk Assessment* is developed prior to any excursion or incursion
- a responsible person (or coordinator) is appointed to oversee the organisation of the excursion
- families are notified about the excursion using an *Excursion Permission* letter
- families have a right to view the risk assessment prior to the excursion/incursion upon request in which the Service must comply with ensuring all information is available
- the risk assessment must
 - identify and assess possible risks that the excursion/incursion may pose to the health, safety and wellbeing of any child being taken on the excursion
 - specify how the identified risks will be managed and minimised
 - consider the proposed route and destination for the excursion and
 - identify any water hazards
 - reflect on any risks associated with water-based activities
 - consider the transport to and from the proposed destination for the excursion
 - consider the ratio of adults to children involved in the excursion
 - consider the risks posed by the excursion/incursion, the number of educators or other responsible adults required to provide supervision, and whether any adults with specialised skills are required to ensure children's safety (eg: lifesaving skills)
 - consider the planned activities
 - determine the duration of the excursion
 - consider items that should be taken on the excursion (mobile phone, emergency contacts, first aid kit, medical plans, etc.).
 - consider strategies to ensure supervision is consistent at all times during the excursion-transitions, toileting, departure from the service and conclusion of the excursion

If the excursion is a regular excursion, a risk assessment is only required to be carried out once and regularly reviewed. If circumstances around the excursion change, a new risk assessment is required.
