

REST TIME POLICY

The United Nations Convention on the Rights of the Child states that “*all children have the right to relax and play*” (My Time, Our Place: Framework for School Age Care in Australia, p. 4). Our Out of School Hours Care (OSHC) Service will cater for the needs of individual children who may require a rest, or even a sleep, after a busy school day.

PURPOSE

Our Out of School Hours Care Service will ensure that all children have appropriate opportunities to rest and relax in accordance with their individual needs. Our Service has a duty of care, to ensure we respect and cater for each child's specific needs and provide an environment that takes every reasonable precaution from harm and hazard.

SCOPE

This policy applies to children, families, staff, management and visitors of the Service.

IMPLEMENTATION

'Children have different sleep, rest and relaxation needs. Children of the same age can have different sleep patterns that Nominated Supervisors and Educators need to consider within the Service. As per Standard 2.1 (Element 2.1.1) of the National Quality Standard, each child's comfort must be provided for and there must be appropriate opportunities to meet each child's sleep, rest and relaxation needs.'

(ACECQA)

Our OSHC Service defines 'rest' as a period of inactivity, solitude, calmness or tranquillity, and can include a child being in a state of sleep. Considering the busy and energetic nature of a child's day, we feel that it is important for children to participate in a quiet/rest period after school if required, to rest, relax and recharge their body.

Our OSHC Service will consult with families about their child's individual needs, ensuring they are aware of the different values and parenting beliefs, cultural or opinions associated with sleep requirements.

THE APPROVED PROVIDER OR NOMINATED SUPERVISOR WILL:

- take reasonable steps to ensure that children's needs are being met by giving them the opportunity to rest, having regard to the ages, developmental stages and individual needs of each child

- ensure the area for rest is well ventilated and has natural lighting
- ensure educators provide safe and adequate supervision when children rest their bodies
- provide information to educators and staff about evidence based safe sleep practices as recommended by Red Nose (although school aged children are not considered high risk, these practices should be known by all educators)

THE APPROVED PROVIDER, NOMINATED SUPERVISOR, EDUCATORS, STAFF MEMBERS, VOLUNTEERS AND STUDENTS WILL:

- consult with families about children's rest needs
- ensure children are provided with a high level of safety when sleeping and resting and every reasonable precaution is taken to protect them from harm and hazard
- maintain adequate supervision and ratios throughout any rest period
- assess each child's circumstances and current health to determine whether higher supervision levels and checks may be required
- communicate with families about their child's rest time and observed requirements
- encourage children to dress appropriately for the room temperature when resting. Lighter clothing is preferable, with children encouraged to remove shoes, jumpers, jackets and bulky clothing.
- provide an environment that is free from cigarette or tobacco smoke

EDUCATORS WILL ENSURE THAT:

- opportunities are presented for rest and relaxation, as well as sleep
- consideration is made for each child's sleep/rest needs- including the age of the child, medical conditions, individual needs
- a quiet area is provided for children to sleep/rest, away from the main group of children
- the designated rest area may include a cushion, bean bag or comfortable seat in a quiet section of the care environment
- sleeping and resting children are monitored at regular intervals
- faces of sleeping children are uncovered when they are sleeping
- an educator is always within sight and hearing of sleeping and resting children so they can be monitored (breathing patterns, colour of skin)
