Principal's Message

Mildura South Primary School is a Positive Education School and a member of the Positive Education Schools Association (PESA). We have many programs in place that build a **growth mindset** towards being our best selves and loving the work we do each day.

Our Positive Education culture values hard work and collaboration. Together as a whole school community we support each other in taking risks and working out of our comfort zone to learn and discover new things about ourselves, our capabilities and what we can accomplish.

Marie-Therese Milani.

At M.S.P.S we use PERMA to establish and maintain a harmonious learning environment for all students.
